##### **History**

On June 10, 2013, the FAA published a final rule, in the **Federal Register** establishing Class E airspace at Sanibel Island Heliport, Sanibel, FL.(78 FR 34557). After publication, the FAA found typographical errors in the airspace designation and regulatory text for both the heliport and point in space coordinates. This action makes the corrections and is rewritten for clarity.

The Class E airspace designations are published in Paragraphs 6005 of FAA order 7400.9V, dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.
